PROFESSIONAL SUMMARY

Full-Stack Developer with 5+ years of experience delivering software that solves business problems. From understanding client requirements and designing solutions to developing and deploying applications, I bring ownership across the development process.
My experience spans SaaS platforms, AI-powered features, and interactive 3D applications.

EXPERIENCE

FRONT-END DEVELOPER

Tecnibo · Tetouan · On-site — Aug 2025 - Present

- Developed interactive 3D furniture configurators using React Three Fiber and Three.js, enabling customers to customize products in real time.
- Built a conversion workflow to transform CAD and EMOS designs into web-ready 3D models (GLB).
- Worked on an AI assistant that interprets model dimensions, materials, and customer requests to update 3D configurations.
- **Key Technologies:** React, TypeScript, React Three Fiber, Three.js, Blender, AI Integration.

FULL-STACK DEVELOPER - (REMOTE)

SUPPLIFLEX · United States · Remote — Aug 2023 - Aug 2025

- Developed full-stack features for a supply chain SaaS platform supporting purchasing, inventory visibility, and order tracking.
- Developed Python backend AI integrations and an AI chatbot to enable conversational access to supply chain information and built workflows that centralize operational data.
- **Key Technologies:** Next.js, Node.js, Python, REST APIs, AWS, Microsoft Azure, Docker, Kubernetes, Playwright, AI Integration.

FULL-STACK DEVELOPER

Point Virgul · Kenitra, Morocco · Hybrid — Oct 2022 - Aug 2023

- Delivered websites, business dashboards, and desktop applications based on client requirements, Worked directly with clients to identify business needs.
- Managed full-stack implementation, automated testing, and deployment through CI/CD pipelines.
- **Key Technologies:** React, Next.js, Express.js, PostgreSQL, Figma, Playwright, GitHub Actions, AWS, Microsoft Azure, CI/CD.

FRONT-END DEVELOPER

Masterlys · Rabat, Morocco · Remote — July 2021 – October 2022

- Developed responsive interfaces for GrowSMM Panel, a SaaS platform for managing social media marketing services.
- Designed interfaces in Figma and integrated REST APIs in collaboration with backend developers.
- **Key Technologies:** React, Next.js, TypeScript, REST APIs, Figma, Jest, React Testing Library.
